

THE PREMIUM BRAND IN RAILING SYSTEMS

**EASY  
GLASS®  
AIR**

BE UNIQUE

**Q-railing**

A SIGNATURE  
FEATURE

EASY  
GLASS®  
AIR

Are you keen to make a big design statement with an all-glass balustrade? It's now easier than you might think. The Easy Glass Air glass balustrade is designed to bring a wow factor to projects. It features a base glass clamp that creates a luxuriously airy effect, that has a unique visual presence.

## Take your glass balustrade to a new level

Easy Glass Air's key feature is the open design of its base glass clamps and glass connectors – a quality that makes the glass panels seem to float. The result is pure elegance and maximum transparency. It ensures that an Easy Glass Air glass balustrade sets any project apart.

## Be unique

The system's base glass clamps and matching glass connectors use crisp, clean forms to elegant effect. They also benefit from gorgeous design features, including satin-brushed details and a premium finish on the high-grade stainless steel, achieved using glass-bead blasting.

A signature feature for the interior or exterior of private residences and light commercial builds, Easy Glass Air glass balustrades cannot fail to impress clients and users alike.

# EASY GLASS **AIR**

- Designed for:** Light to medium use  
**Use:** Indoor and outdoor  
**Varieties:** Top mount  
**Applications:** Balustrades, balconies and galleries  
**Material:** Glass-bead-blasted stainless steel with satin-brushed details  
**Infills:** Glass  
**Glass thickness:** 15 to 21.52 mm  
**Top finish:** Edge protection, cap rail, u-profile, handrail 60x20, glass connector

UNIQUE, OPEN FORM  
 GIVING THE GLASS  
 BALUSTRADE A STRIKING  
 UNIFORMITY AND  
 EYE-CATCHING LOOK

## Your benefits

- Distinctive:** Unique, cutting-edge elegance gives the system a signature feature
- Transparent:** Matching base glass clamps and connectors that maximise views
- Easy:** All mounting work takes place inside the balustrade
- Safe:** Resists linear line loads of up to 1 kN/m
- Versatile:** Suitable for glass 15 mm to 21.52 mm thick
- Consistent:** Top glass connectors create a perfect glass line
- Flexible:** Base glass clamp can be halved for end solutions; additional handrail adapters and end caps available

**Make it even more exceptional.** Choose from 4 design options.
